

Spring is just around the corner, which means it's time to plan for the Colorado Mammography Society's spring conference. We will be co-locating this year with the Colorado Society of Radiologic Technologists in Estes Park. The conference will be located at the newly renovated Ridgeline Hotel, formerly Rocky Mountain Park Inn, on Saturday, April 21st. The hotel has a \$119 rate for conference attendees, so be sure to mention the Colorado Mammography Society or group code COMAM when booking your room at (844) 744 – 5525.

We are excited to have Pamela Fulmer return to present at our conference with great new topics. She is a seasoned educational professional with over 30 years experience in the health care field, including extensive experience in mammography training and consultation. She provides consulting services for Mammography Educators, AHEC and MTMI, and has traveled internationally to provide positioning training.

Please share the information with your friends and co-workers for our spring conference. I also want to remind everyone that it is important to have your registration postmarked by the early registration deadline or there will be an extra fee collected at the registration table.

The officers to be installed at this conference are: Jill Cossaboom (President), Shelly Stellwagen (Vice-President), Jennifer Brown (Treasurer) and Tammy Dirienzo (Secretary). Colorado Springs will be the site for the fall conference on September 22nd, so stay tuned for updates.

We are looking for volunteers to become involved with the Colorado Mammography Society. Please consider volunteering or nominating a friend or co-worker who might be interested in serving on the CMS board. This is a great organization and the people who serve on the board are a great group. I encourage people to get involved. If you are interested in more information, please contact any of the board members.

I want to take this opportunity to thank all of you for the support you have given the Colorado Mammography Society over the years. Without your support, we would not be able to provide such great conferences.

The conferences are such a great way to get CE credits and network with others who share our passion for women's imaging. I hope everyone can join us in April for this great presentation!!! Please share the registration information with your friends and co-workers.

Respectfully submitted,
Karen Moe, R.T. (R)(M)(BD)
President
Colorado Mammography Society
